### EMPLOYMENT

#### *SquadLocker | Senior Graphic Designer*

Warwick, RI | March 2019 – Current

As a Senior Graphic Designer, my duties include that of my previous role, but I am also tasked with managing the execution of new processes. I track and maintain the design team's workload and bandwidth. As new decoration methods or outside vendors are onboarded, I play a key role in ensuring that design expectations are met. I also execute special projects outside of daily workload and oversee onboarding and training of new hires within Design Services. Additionally, I complete administrative tasks like vacation requests and payroll approval for my team.

#### *SquadLocker | Graphic Designer*

Warwick, RI | August 2016 – March 2019

My primary duties as a Graphic Designer with Design Services included creating new logos and fine-tuning existing ones. I also redesigned, vectorized, and created alternate versions of logos for embroidery, heat-transfer, and Direct-To-Garment printing. I thoroughly reviewed customer-submitted logos to ensure our decoration methods could produce them. During peak seasons, I also assisted the Art Services team in quality checking both print and embroidery files.

#### *Granny Squibb's Iced Tea | Graphic Design Intern*

Providence, RI | August 2016 – November 2016

In support of the Granny Squibb's Iced Tea 2016 rebrand, I assisted in the complete redesign of their business cards, packaging, website, promotional giveaway collateral, stickers, recipe cards, and apparel.
